Who?

Darkness, that's the last thing I remember. Darkness, and pain. A shocking pain that made me wake up. As I awoke, I saw a figure. It was a boy. A tall boy, with brown hair. He seemed to be running and holding me at the same time. "Who are you?" I asked, feeling worse than I already was. Just the thought of asking that question made me feel like I was dying. The boy didn't seem to noticed what I said. Too tired to ask again, I closed my eyes and fell back into a deep and painful rest.

_"__Come on, wake up!"_

I opened my eyes to see the boy, looking over me. I was laying in some sort of bed, I wasn't sure. All I knew was that the boy had brought me somewhere. Then the pain started to come back. First it was just like a being stung by a bee. Soon it felt like 10 bees, then 100 bees, and so forth. _"Who are youâ€¦"_ I asked again, pain striking me with every word.

_"__The names Blaze"_, the boy answered, _"And you?"_

Not wanting to be rude, I answered trying not to say too much. _"Alieâ€¦"_
